Course Name: Backup & Recovery Media Services (BRMS) on System i

Course Code: AS28GB

Duration: 5 Days

Price: Please call or email for details

Note: This is an IBM course run at one of IBM's training venues. Please contact us for further details on the course cost, scheduled dates etc.

Course Outline: Backup and recovery, knowing how to do it is not optional! Learn once and never forget how to use BRMS to do regular and ad-hoc backups, recovery, and offsite tape backups. On completion of this course, you will be able to:

- Setup BRMS to do both regular and ad-hoc backups.
- Recover the entire system (or parts thereof).
- Use BRMS Media Management to move tape volumes to offsite locations.
- Run Daily Maintenance routines and to manage an IBM Automated Tape Library

Prerequisites: Students must be familiar with standard OS/400 Save/Restore facilities and ideally have attended the Operations (ISOPS) and IBM i Recovery and Availability Management (OL51) courses or have equivalent education and experience

Follow on Courses: We recommend that after this course delegates should consider attending the Advanced Operations course (ISOPA) or System Management and Administration course (ISADM).

Schedule:
2018

Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
